- **Abstract:** Tourism is one of the most important activities in Kosovo. Its development also affects the economic development of the country. It is best shown through visitor visits and overnight stays in hotel facilities. Kosovo has at its disposal a large number of tourist potentials which are worth visiting. Forms of summer tourism are also developed, as well as those of winter tourism. In all four seasons of the year more or less, it is worth visiting Kosovo with its beauties and attractive values for tourists. In Kosovo are developed many forms of tourist product which are used by tourists. This has been proven with the help of tables and graphs which show the number of visitors and their stays who visit the place.
- **Keywords:** Tourism, tourist potentials, Kosovo
